EDUCATION:

Board	Institute	Year of passing	Percentage
JNTU	J.B Institute of Engineering & Technology	2020	77
TSBIE	Chaitanya Junior College	2016	96.8
SSC	Excellent Grammar High School	2014	95

EXPERIENCE:

→ STORING USEFUL DATA USING MOVING OBJECT DETECTION:

This project is to create a database through image processing which stores only the moving items data in the database, instead of storing all the unnecessary data while recording through cc cameras Thus it saves a lot of storage space in the databases.

→ IBM WATSON -CHAT BOT BUILDING:

In this I developed a chatbot which is deployed in a website through wordpress which interacts with its customers in giving suggestions and their conversion is stored in the IBM CLOUD

→ IOT WORKSHOP :

Participated in Megathon`s Two days Internet of Things workshop on 8th-9th September at IIT Hyderabad.

→ CLIQUE WORKSHOP:

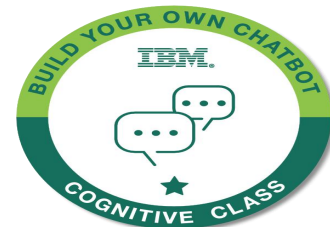

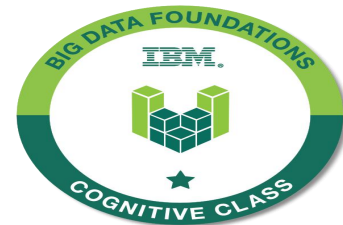

Participated in a three days hands on workshop titled SPEECHPROCESSING, at JBIET on 5th-7th October,2018.

SKILLS:
